

OFFICERS, AGENCIES AND STATIONS

Below is a compilation of the station lists issued by the Central Pacific Railroad Company and the Southern Pacific Company between 1877+ or - and 1973. Numbers were assigned by the railroad 1879 (1877?) through 1885 and 1907 through 1936. A set of numbers has been assigned by this compiler to all books including those not so designated. A short list of known Northwestern Pacific Railroad station lists follows the above. Dates shown omit the first two digits of the year mostly.
