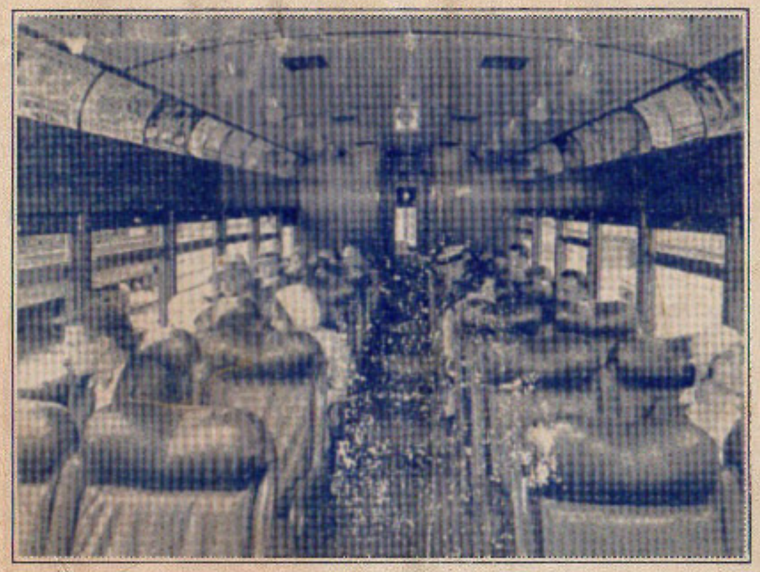
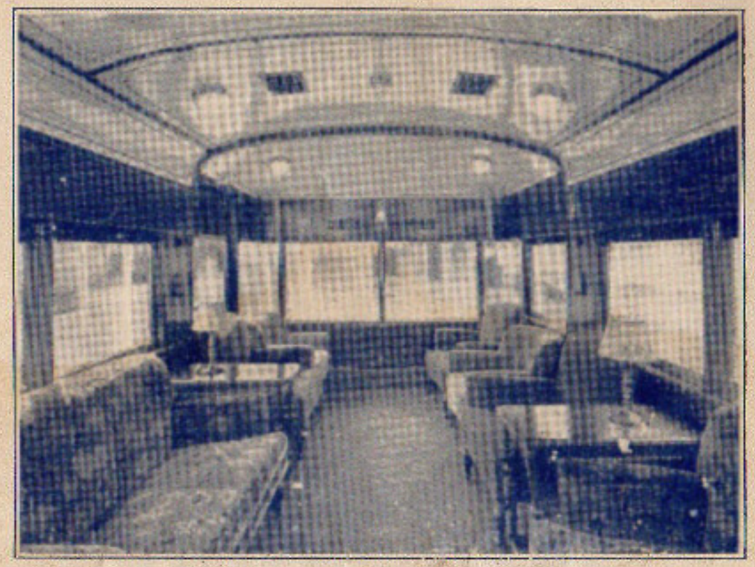
Cincinnati & Lake Erie Railroad

The Cincinnati and Lake Erie now announces the most modern transportation service ever offered in the history of electric railway operation. Greater comfort, faster schedules, de Luxe parlor observation lounge cars—the finest ever built, mark the inauguration of a new through train service between Cincinnati, Hamilton, Middletown, Dayton, Springfield, Columbus, Lima and Toledo. There is no other service to equal it for the cost—and there is no extra charge for this de Luxe service—the same rate of fare applies as for ordinary coach service.





Designed especially for C. & L. E. Service, these new parlor observation lounge cars provide the business man, salesman, the college man or woman, housewife, the working man, with the comforts of home or select club, and add pleasure to their journey at no additional cost. They offer to the traveling public speed with safety, greater comfort in travel, greater economy— in short, a genuinely modern and efficient service. De Luxe parlor observation cars are operated as Through trains and are shown in the schedules on the following page.
