Check Extra Luggage

You will enjoy a more comfortable and fare-free journey if you check extra baggage, and carry with you in your coach or Pullman space only that needed during your trip. Baggage can be checked through to your destination at a small service charge for this convenience.

Take the Family to See **WASHINGTON and NEW YORK**

Take advantage of the reduced fares, offered this summer (May 1 to November 15), to visit these outstanding cities in the East. Washington has many things, which every American should at some time see,—the Capitol, imposing public buildings, famous museums and art galleries, Mount Vernon and other national shrines. New York, with its towering skyscrapers, famed shops and stores, theatres, and works of art, is also educational. At both points comprehensive sightseeing tours are available at moderate cost.

Reduced Round-Trip Summer Fares

TO AND FROM EASTERN CITIES
 May 1 to November 15

Apply for travel in comfortable reserved-seat coaches, 30-day limit, between all Florida East Coast points and Eastern cities, via Washington, D. C., for example:

MORE AND MORE PEOPLE ARE USING

The Rail-Auto Plan

RELAX BY TRAIN

No hands clenched tightly to the wheel, or eyes glued constantly on the highway, when you go by train. No straining to make that 300 miles or more by nightfall. Instead, you can completely relax aboard a train, lay cares aside, read, sleep, watch the passing scenery, or stroll back to a friendly lounge car for refreshment. You save time, arrive fit, calm, and rested.

RENT A CAR

For Use at Destination

A car can be rented so reasonably at destination that it hardly pays to subject yourself and family to the hazards and fatigue of a long highway trip. You can use a rented car for business or pleasure as readily as if it were your own. It can be hired by the hour, day, week or any period you wish. If desired, you can arrange through the ticket agent at the start of your trip to have a rental car meet you on arrival.

FOUR BIG CAR-FERRIES Cut Shipping Time between United States and Cuba

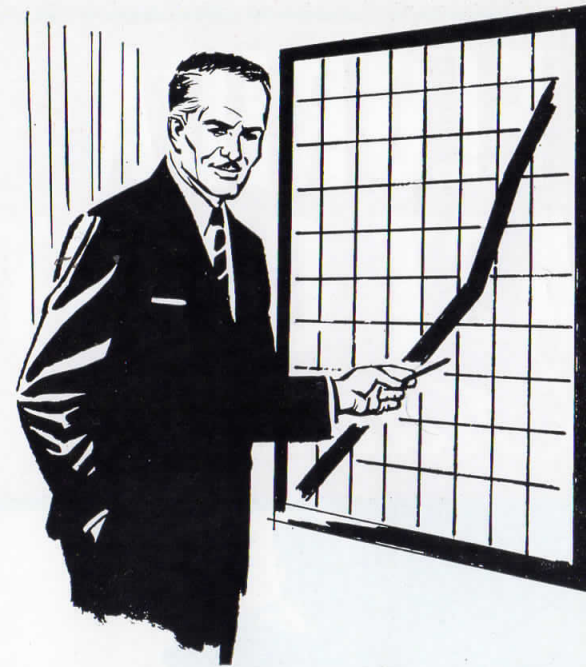

The four big car-ferries, operated by the West India Fruit & Steamship Company, are your assurance of faster service, when shipments are routed Florida East Coast Railway to the Port of Palm Beach, Florida, and thence to Cuba. Each ferry has a capacity of 30 or more freight cars, and makes the run from Florida to Cuba in only nineteen hours. As practically daily sailings are maintained, your shipment leaves the Port of Palm Beach aboard one of these ferries soon after its arrival, and the return of cars is greatly expedited.

Via this route, shipments move ALL-RAIL, and in the same car from point of origin to Cuban destination. Costs of special packing for export, and extra handling are eliminated, and time in transit is substantially reduced.

“Our Florida Sales are going UP and UP”

That's the experience of many firms that have established plant or warehouse facilities on the East Coast of Florida. Their sales are showing larger gains than in other areas of the country.

This is primarily due to the Florida East Coast's continuing record growth in population. An average of more than 2,000 new residents are moving into this favored territory each week. Public utilities are spending millions to keep up with the demand. Bank deposits and clearings, car registrations, and retail sales are setting new records each year. You will do well to consider this rich, steadily growing market in your business plans.

INDUSTRIAL SITES AVAILABLE

Choice industrial sites are available in the many thriving cities and towns along the Florida East Coast Railway. They offer the advantages of a mild climate, ideal living conditions, moderate tax rates, and the excellent transportation facilities provided by this double track railroad. Florida East Coast Railway representatives know this territory well, and will welcome an opportunity to assist in the selection of a location best suited to your needs.
