ILLINOIS CENTRAL RAILROAD

Welcome

The Illinois Central enjoys serving its patrons. To us you are important guests, and we enjoy providing facilities that please you.

We hope you may be considering traveling aboard our Panama Limited. You'll find it one of the world's great trains. No train offers more luxurious private rooms, a finer cuisine or happier surroundings for refreshments. Between Chicago or St. Louis and New Orleans there is no more pleasant way to travel.

Between Florida and the Midwest, the most popular train is our City of Miami. It offers a choice of the finest sleeping car accommodations and also economical but delightful reclining seat coaches. This train provides a superb menu as well as a more economical food service.

Our City of New Orleans between Chicago or St. Louis and New Orleans is our year around popular favorite. It is all-coach and economical.

Whatever Illinois Central train you may travel, you are always welcome. We are pleased when you choose to travel with us.

This Timetable is made for easy reading

This is the first of a new generation of travel timetables. Everything has been done to make it easy to read and simple to understand.

It's a small book rather than an awkward folder.

Its pages read from left to right and from top to bottom like any proper book, not like timetables that must be read from bottom to top and from right to left.

All stations are listed in an index beginning on this page.

The first eight pages offer you condensed information. Or you can refer to the following pages for complete information about all trains. Pages are divided by origin and destination. For example, all of the trains going south from Chicago to New Orleans (and points between) are on Page 10. Trains traveling north from New Orleans are on the opposite page. Trains to other destinations are arranged in similar fashion. We have eliminated a number of conditional train stops and reduced the number of reference notes.

There is an easy-to-read map. Toward the back of the book you will find detailed rail and sleeping car fares.

We hope our new timetable will help make your travels more pleasant and that you'll ride with us often.

One-half adult railroad ticket, good in sleeping or parlor car, is required for a child or children under five years of age, occupying separate seat or berth than adult accompanying, in addition to charge for Pullman accommodation provided. Additional railroad or Pullman collection will not be made for a child or children under five years of age assigned the same seat or berth, including a section in which the lower berth only is prepared for night occupancy, nor when provided with additional berth or seat in the same room, as adult accompanying.

ADULT railroad ticket requirement applies, in addition to the Pullman charge, on room assignment, and a child or children five years of age or over, traveling unaccompanied in room accommodations, must hold rail and Pullman transportation equivalent to adult occupancy. Exception—for a child five years of age and under twelve, the Illinois Central will honor a half-fare rail ticket for occupancy of a roomette on trains not affording berth service.)

We're taking the wraps off our new symbol by putting it on 52 million dollars worth of new freight cars

What better way to show our friends and shippers our new corporate symbol than to put it on the biggest package of new freight cars ever delivered to this railroad! The symbol appears on 16 types of new cars, including jumbo cars, fast-loading cars, damage-free cars, specialty cars.

Altogether, we're spending \$87 million this year for improvements that will benefit our customers. Example: our new communications network and computer information system that will help us move our freight cars and locomotives to the right places at the right time for our shippers.
