FLANGED WHEEL ON THE STEEL RAIL . . .

Carries the output of farm, factory, and mine—at an average charge no higher now than before the war

The only means of transportation with the capacity to meet America's major needs . . . in peace as well as in war. Whatever changes the future may bring in traffic volume or operating costs, the flanged wheel on the steel rail will still be America's basic reliance for dependable transportation at the lowest possible charge.
