# SPECIAL INSTRUCTIONS

Northward Trains are superior to Southward Trains of the same class except No. 817 is superior to No. 718 and No. 2; and No. 101 is superior to No. 102.

Time Table Schedule Trains will get Clearance Card at Hubbard.

Freight Trains register by Register Check at Belt Junction Tower.

Time shown at Galveston, Houston and New South Yard is for information only.

Employees will be governed by the rules and regulations of the Houston Belt & Terminal Railway Company between Belt Junction, Houston, and New South Yard, and of the T. & N. O. Railway between T. & N. O.-H. B. & T. Junction, Tower 86, and Galveston.

When stops for water or other operating conditions do not require a train to stop, freight trains must be stopped every fifty (50) miles for trainmen to make a careful inspection.

In order to secure full rating, 15 tons more than rating should be applied rather than that amount less than rating.

These ratings apply to ruling grades and will not interfere in any manner where additional tonnage can be handled.

The Trainmaster will determine rating when it is not desired that full rating shall be hauled on account of weather or other conditions.

In making out Car Cards, Agents will insert Gross Weight in Tons (car and contents). Do not show fractions of tons. Less than 1,000 pounds to be dropped; 1000 pounds or more to be counted one ton.

### LOADED WEIGHT OF ENGINES IN TONS:

### WARNING OF DANGER:

It is dangerous to approach oil tanks, oil cars, oil pipe lines, oil dumps, oil vats or any receptacles used in handling or storing fuel oil with a light of any kind. All employes are warned not to approach the openings where oil is exposed with lantern, torch or other light which is made by flame.

Care should be taken to avoid the striking of stock, as it is liable to cause derailment endangering lives and destroying property.

There are coal chutes, viaducts, stock yards, sheds, roofs, water tank frames, telegraph poles, bridges, scales, mail cranes, switch stands, overhead wires, etc., located on main line and sidings; also tracks at terminal stations, and structures and platforms of private corporations and persons located on industrial sidings and spurs which will not clear man riding on side or top of car.

# STATE LAWS

ARTICLE 4228. Every conductor, baggage master, brakeman or other servant of such railroad corporation employed in a passenger train or at a station for passengers shall wear upon his hat or cap a badge which shall indicate his office and the initial letters of the style of the corporation by which he is employed.

ARTICLE 4232. A bell of at least 30 pounds weight and a steam whistle shall be placed on each locomotive engine and the whistle shall be blown and the bell rung at a distance of 80 rods from the place where the railroad crosses any public road or street and said bell shall be kept ringing until it shall have crossed such public road or stopped; and each locomotive engine approaching a place where two lines of railway cross each other shall before reaching such railroad crossing be brought to a full stop; and any engineer having charge of such engine and neglecting to comply with any of the provisions of this Article shall be fined in any sum not less than Five (\$5.00) Dollars nor more than One Hundred (\$100.00) Dollars for such neglect, and the corporations operating such railways shall be liable for all damages which shall be sustained by any person by reason of such neglect; provided, however, that the full stop at such crossing may be discontinued when the railroads crossing each other shall put into full operation at such crossing an interlocking switch and signal apparatus and shall keep a flagman in attendance at such crossing.

ARTICLE 4233. In forming a passenger train the baggage or freight or merchandise or lumber cars shall not be placed in rear of passenger cars; and if they or any of them shall be so placed and any accident happens to life or limb, the officer or agent who so directed or knowingly suffered such arrangement, and the conductor and engineer of the train, shall each and all be held guilty of intentionally causing the injury and be punished accordingly.
