Engines, trains or other equipment may not exceed a maximum speed of 25 miles per hour on Pend Oreille Valley Railroad. Except when changed or superseded by bulletin or Special Instructions, Pend Oreille Valley Railroad operates under a code of operating and safety rules and under an Absolute Block.

Definition of an Absolute Block:

A length of track in which NO train or engine is permitted to enter while it is occupied by another train or engine, unless authorized by train order.

Pend Oreille Valley Railroad will operate two (2) subdivisions under this Absolute Block:

First Subdivision: Includes all trackage from milepost 15 south to milepost 1 at Newport yard limits.

Second Subdivision: Includes all trackage from milepost 17.5 north to milepost 59.8 at Metaline Falls yard limits.

A train register, labeled "ABSOLUTE BLOCK, First Subdivision:" and "ABSOLUTE BLOCK, Second Subdivision:" will be located at the POVA shop. Before leaving the Usk yard, the Conductor or Engineer MUST register on the appropriate register form for each respective Subdivision. Upon returning to the initial terminal the Conductor or Engineer must register in the same manner.

**All movement on main line, monitor & transmit on
POVA's Channel 1 & 2**
