Eastward Trains are Superior to Trains of the Same Class in the Opposite Direction. (See Rule S-72)
EXCEPT: No. 13 is Superior to All Trains Except No. 14. No. 14 is Superior to All Trains.
Opposing first-class and inferior class trains, extra trains and engines must clear the leaving time of Nos. 13 and 14 not less than 5 minutes. First-class and inferior class trains, extra trains and engines in the same direction must clear the time of Nos. 13 and 14 before the time such trains are due to leave the next station in the rear where time is shown but not less than 5 minutes. Nos. 13 and 14 must not be delayed sawing freight trains.
Time at Dallas (Union Station) for information only. See Dallas Union Terminal Company's current timetable for train movements through the limits of Dallas Union Terminal. Tower 19 controls movement of trains between Forest Ave. and east limits of Dallas Union Terminal Company's tracks near G. C. & S. F. crossing. See Special Instructions, Page 13, for movement of trains between Miller and Belt Junction; between Belt Junction and T. & P. Junction and between Belt Junction and Forest Ave. Schedule time and train orders for eastward trains from direction of Dallas (Union Station) at Belt Junction apply at end of double track.
NOTE: Train order office hours, McKinney; Daily except Sundays, Mondays, and Legal Holidays, 8:00 A.M. to 12:01 P.M.—1:01 P.M. to 5:00 P.M.; Sundays, Mondays, and Legal Holidays, closed.

Eastward Trains are Superior to Trains of the Same Class in the Opposite Direction. (See Rule S-72)
EXCEPT: No. 253 is Superior to No. 254.

- Trains originating at Austin Junction must obtain clearance at Austin.
- Trains operating via Marble Falls or Burnet must obtain clearance at these stations when there is an operator on duty.
- Fairland is a register station for No. 254 to register their arrival only.
- Extra trains will not operate via Marble Falls or Burnet unless so directed by train order.
- Train registers at Wilkie are located, one at west wye switch, and one at east wye switch. No. 254 from Llano will register arrival at east wye switch before proceeding to Burnet and will register departure at east wye switch after leaving Burnet enroute to Austin. No. 253 will register arrival at east wye switch before proceeding to Burnet, and register departure at west wye switch after leaving Burnet enroute to Llano. Extra trains of the Llano Subdivision will, when necessary, check these registers for arrival and departure of Nos. 253 and 254 unless train-order check of trains, Form V, on Wilkie registers, is received.

NOTE: When no operator is on duty, the crew assigned to or ordered for the train may assume the schedule of No. 254 at Llano and leave Llano without a clearance.

NOTE—Train Order Office hours, Llano
 Daily except Sundays, Mondays and Legal Holidays 7.30AM to 12.01PM 1.01PM to 4.30PM
 Sundays, Mondays and Legal Holidays Only Closed

Eastward Trains are Superior to Trains of the Same Class in the Opposite Direction. (See Rule S-72)

Movements between East Waco (St.L.S.W. Ry. yard) and Peach Street Junction will be governed by rules and regulations, current timetable, and Special Instructions of St.L.S.W. Railway Company of Texas. Do not exceed 10 MPH over curve east of Peach Street Junction.

Time at East Waco (St.L.S.W. Ry. yard) for information only.

Eastward Waco subdivision trains must obtain clearance at East Waco (St.L.S.W. Ry. Yard) authorizing movement from Peach Street Junction.

SPECIAL INSTRUCTIONS

DENISON SUBDIVISION

41. Eastward first-class trains must obtain clearance at Denison.

42. St. L., S. F. & T. trains, may register at Denison by register ticket, Form 2642.

43. Trains and engines will move within yard limits, Denison, expecting to find the main track occupied, and will not exceed 10 miles per hour between St. L., S. F. & T. connection and Tower 93.

44. North Sherman Junction is a train-order office only for trains that originate there, and register station only for trains that originate or terminate there.

45. Sherman (Tower 16) is a register station only for trains that originate or terminate there.

46. Schedule time and train orders for Nos. 75 and 76 at Sherman apply at Tower 16.

47. Nos. 14, 16 and 18 must obtain clearance at Dallas (Union Station).

48. Trains and engines moving against current of traffic between South Tower and GC&SF crossing, Union Terminal Company tracks, Dallas, must not exceed speed of 10 MPH through crossover located 700 feet west of GC&SF crossing.

At request of Dallas Union Terminal Company, enginemen arriving Dallas, Train 17, will leave steam heat on train.

Maximum speed for passenger trains to or from the direction of Dallas (Union Station) is 35 miles per hour through switch at west end of Trinity River Bridge and through switch at east end of double track, Belt Junction.

49. LETTER TYPE INDICATORS located on Signal 2581, east end of Miller Siding, in accordance with Rules 70, 705, 706 and 707. When the letter "M" is displayed, westward trains are given superiority over all trains to the fouling point of the switch at west end of Drill track, Miller. When the letter "S" is displayed, trains will take siding. Trains given this superiority and using the main track under these conditions must run with caution. When neither the letter "S" nor the letter "M" is displayed, trains will be governed by timetable and train-order requirements.

50. Nos. 13 and 14 may register at Ennis by register ticket, Form 2642, and when required, obtain train-order check, Form V, of superior trains due.

ENNIS SUBDIVISION

51. LETTER TYPE INDICATORS located on Signal 2089, east end of siding, Corsicana, and Signal 2108, west end of siding, Corsicana, in accordance with Rules 70, 705, 706 and 707. When the letter "M" is displayed, trains are given superiority over all trains up to but not beyond St. L., & S. W. crossing. Trains given this superiority and using main track under these conditions must run with caution and observe any restrictions that may be imposed by automatic block or other signals. When the letter "S" is displayed, trains will take siding. When neither the letter "S" nor the letter "M" is displayed, trains will be governed by timetable and train-order requirements.

HEARNE SUBDIVISION

52. Trains originating or terminating at Hearne, except first-class trains and trains manned by crews operating through Hearne will obtain train orders and register at RN telegraph office instead of G telegraph office.

53. First-class trains may register at Hearne by register ticket, Form 2642, and when required, obtain train-order check, Form V, of superior trains due.

54. Hempstead is a register station only for trains that originate or terminate there.

55. Westward trains of the Hearne Subdivision, checking a regular train on register at Englewood or Houston Passenger Station, or identifying a train on opposite track between these points and Eureka, will not be required to check against the same train before passing from double to single track at Eureka.

56. Schedule time and train orders at Eureka apply at crossover switch leading to double track.

57. Trains operating between Eureka and Englewood will move via Freight Route between Boulevard Junction and Tower 26 unless otherwise directed.
